STAT

Definition of Key US Overseas Installations (NIE 11-7-54)

1. In addition to the information requested in the proposed Terms of Reference for this estimate, additional information is also required on key US overseas installations. Perhaps the following questions pertaining to these installations should be discussed with General Bull at an early date:

- A. In terms of Soviet total targeting requirements, what is the general number, composition, and geographic disposition of key US overseas installations and forces for:
 1. air defense?
 2. tactical air support?
 3. ground action?
 4. naval action?
 5. Strategic Air Force?
 6. logistic support?
 7. communications?
- B. What are the key US SAC overseas installations, including bases for tankers, reconnaissance, fighters, and bomber bases?
- C. What are the key overseas ports and bases for logistical support of US SAC overseas forces?
- D. What are the major US overseas communications centers?
- E. Where are the key military headquarters of US overseas forces located?
- F. What are the key army and naval overseas repair and logistic support facilities?
- G. What are the locations of US overseas nuclear attack forces and installations other than SAC
 1. aircraft?
 2. naval forces?
 3. guided missiles?
 4. atomic artillery?
